Re: Levin Metals Corporation - Parr-Richmond Terminal Company

Dear Mr. Ratcliff:

Since my last letter to you, various State agencies led by the State Department of Health Services has been in further communication with us regarding their concern about the property we acquired from Parr-Richmond Terminal as a depository of hazardous waste.

Among other things, we have been asked to provide them with a history of the use of the property since World War II. We do not have this information. We are therefore requesting your cooperation in providing us with the following information as promptly as possible:

1. From whom did Parr-Richmond Terminal acquire title and when?
2. What individuals or entities have used all or a portion of the property during Parr's ownership. In this respect, we have been asked for copies of any lease documents and for any other information or documents concerning or reflecting the area used by each occupant and the uses to which each occupant put the property.

James E. Ratcliff, Jr., Esq.

Page Two

3. To what uses was the Terminal property put by Parr during the period of its ownership, apart from that of the various occupants and over what period of time were these uses made.

It would save time if copies of what you furnish us would be sent directly to:

Mr. Charles A. White
Regional Administrator
Department of Health Services
Hazardous Waste Management Branch
2151 Berkeley Way
Berkeley, CA 94704

Very truly yours,

GERALD D. MARCUS
